

Zenor

Functional efficiency
for facades

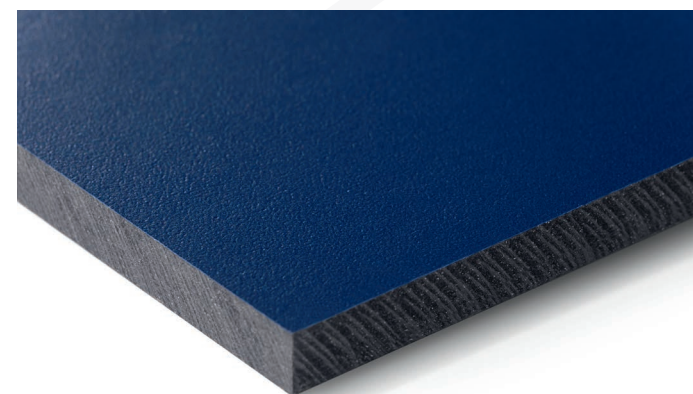

**swiss
pearl®**

Simple elegance

Zenor is a Swisspearl Largo facade panel for building envelopes with an emphasis on uncompromising functionality using simple means. The select range allows a cost-effective implementation from manufacturing to assembly. Including all the quality benefits of the tried and tested Swisspearl fiber cement panels. Zenor provides all-round protection for facades with a simple elegance.

Zenor

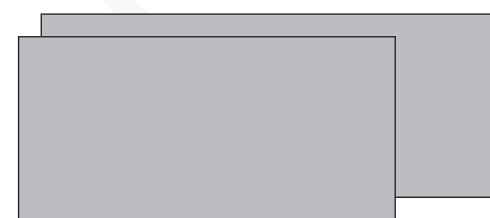

ZENOR

Base panel: Resemble to the surface coating

Top layer: Opaque

Standard colors: 21

Fiber cement panels, with smooth opaque surface coating that resembles the base panel color.

2510 × 1250 mm × 8mm | 3050 × 1250 mm × 8mm

Planning and implementation:

The Zenor panels are applied using the optimal construction principle of the suspended, ventilated facade. The installation is done in accordance with our well-proven technique. You will find detailed information on the planning and execution in the Design + Installation Manual (DIM) for Swisspearl Largo panels at swisspearl.com.
